

# KILO (observation)

Week of:

Plant:

Lā Pule (Sunday)

Pō'akahi (Monday)

Pō'alua (Tuesday)

Pō'akolu (Wednesday)

Pō'aha (Thursday)

Pō'alima (Friday)

Pō'aono (Saturday)

KILO (observation)

When you KILO:

Look at the environment around you. Look above. Look below.

- What is happening in the sky?
- What is happening on the 'āina?
- What do you see?
- What do you hear?
- What do you feel?

Write or draw your observations in the spaces provided.

When practicing KILO of your seed/plant be sure to:

- Note the date everyday.
- Describe what you did each day with your seed/plant.
- Has your seed/plant changed?
- Make an observation of the weather when you were tending to your seed/plant.
- Make an observation of the moon each evening. (fill in the circle to represent the moon phase)
